

PROFESSIONAL GRADE

HOUSE OF PLLA® HOP+ Promoter  
Repair Cell Moisturizer 50ml/200ml

Supercharge your skin with this luxurious formula containing PLLA+ 4GF + Snail Mucus Filtrate + PGA of Plant Collagen. HOP+ Promoter Repair Cell Moisturizer is a high-performance, multi-benefit daily moisturizer for all aging-related concerns. HOP+ Promoter Repair Cell Moisturizer helps visibly firm and tighten the skin and improves skin texture by smoothing wrinkles and providing intense hydration.

### Directions

Apply a generous amount of the Promoter Repair Cell Moisturizer to the face, neck, and décolletage, and gently massage into the skin. Use Day & Night as a moisturizer. For even better results, use it with HOP+ Cavipla Multi Serum and HOP+ Pilleo Stem Cell Mist.

### Active Ingredients

**PLLA (Poly L Lactic Acid)** also known as a biostimulatory dermal filler, PLLA stimulates your skin to produce new collagen. PLLA will reduce wrinkles and help to fill in hollow or sunken areas on the face. The effects of PLLA appear gradually over a few months, producing natural results.

**4GF [EGF, FGF, IGF, TGF]** helps to regenerate and normalize damaged skin by strengthening the skin barrier and stimulating collagen production to improve elasticity.

**EGF (Epidermal Growth Factor)** activates epidermis cell regeneration, which acts at the molecular and cellular level. EGF helps stimulate cell growth in tissues throughout the human body. Binding with the receptor EGFR, this protein increases the cell count and skin turnover while boosting the production of collagen and elastin resulting in reduced wrinkles and rejuvenated and improved skin texture.

**FGF (Fibroblast Growth Factor)** activates the processes of growth and divisions of skin cells, provides antioxidant and detoxifying effects, and stimulates the proliferation of fibroblasts, healing wounds, embryonic development, and angiogenesis. It also promotes blood vessel development and collagen synthesis of the dermis.

**IGF (Insulin-like Growth Factor)** is a factor in cell growth and is a multiplication booster, regulates intracellular metabolism, and stimulates cell renewal. Involved in the synthesis of collagen and elastin, improves firmness and density of the skin.

**TGF (Transforming Growth Factor)** promotes collagen production and fibronectin, restores the structure of collagen and elastin.

**Snail Mucus Filtrate** contains hyaluronic acid, glycoprotein, proteoglycans, and antimicrobial and copper peptides, all of which fight against premature aging. Fibrinolytic enzymes in snail filtrate promote the oxygenation of skin cells to repair damaged tissues. Snail filtrate also contains allantoin, a natural substance which promotes cell renewal and the reconstruction of damaged tissues, and with its natural antibiotics, snail filtrate kills acne-causing bacteria.

**Bulgarian Rose Damascena Water** is a 100% Natural and pure food-grade product which does not contain any additives, preservatives or synthetic substances. It has antibacterial, antimicrobial, and anti-inflammatory properties, thus helping soothe skin, minimize pores, and reduce fine lines

**Ingredients:** Rosa Damascena Flower Water, Butylene Glycol, Cetyl Ethylhexanoate, Hydrogenated Polydecene, Polyglyceryl-3 Methylglucose Distearate, Cetearyl Olivat, Sorbitan Olivat, Sodium Polyacrylate, Isopentylidol, Niacinamide, Anemarrhena Asphodeloides Root Extract, Hydrogenated Polyisobutene, Hydrolyzed Collagen, Poly-L-Lactic Acid, sh-Oligopeptide-1, sh-Oligopeptide-2, sh-Polypeptide-15, sh-Polypeptide-22, Glycerin, Water, Centella Asiatica Extract, Madecassoside, Betaine, Arginine, Hydroxyethyl Acrylate/Sodium Acryloyldimethyl Taurate Copolymer, Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Carbomer, Polyglyceryl-6 Polyricinoleate, Sodium DNA, Glyceryl Caprylate, Thiotaaurine, Disodium EDTA, Vinyl Dimethicone, Snail Secretion Filtrate, Natto Gum, Sodium Hyaluronate, Caprylic/Capric Triglyceride, Simmondsia Chinensis (Jojoba) Seed Oil, Helianthus Annuus (Sunflower) Seed Oil, Cynanchum Atratum Extract, Glycereth-26, Panthenol, Trehalose, Thamnolia Vermicularis Leaf Extract, Sparassis Crispa Extract, Boswellia Serrata Resin Extract, Polyacrylate-13, Polyisobutene, Polysorbate 20, Sorbitan Isostearate, Adenosine, Trisodium EDTA, 1,2-Hexanediol, Ethylhexylglycerin
